You must hold the goods for inspection/return until otherwise instructed.

Essential Documents (Tick Box)

Notes

Your Suppliers **COST PRICE** invoice (or evidence of the profit margin)

The principle is that you can only claim for the cost of the goods to you – so that you do not make a profit twice from the same incident.

Your **SALES** invoice showing price paid by your customer

If you re-supply your customer you will make a profit from that sale.

If you are the manufacturer then please provide independent evidence to support your cost price/profit/mark up

You can submit a claim for the net cost of the goods for consideration (subject to RHA conditions of carriage).

Your **WRITTEN** notification of your intention to claim*

These are the RHA time limits – we trade with you under RHA Conditions.

- If you are not the owner of the goods but have arranged the carriage then please also provide the following:
 - a. Copy of the goods owners written intention to claim to yourselves
 - b. Evidence that you have settled the goods owners claim
 - c. Copy of the agreed carriage contract you have with the goods owners.
- This must be within 7 days (ideally within 24 hours if goods were signed for undamaged)

If you do not provide the appropriate information and documents within these timescales, we (or our insurers) may not be liable to meet any claim.

If NOT within 7 days of incident, a written explanation for the delay will be required.

For DAMAGED goods – Photographic evidence

To allow insurers to assess the extent of damage and consider the salvage value if any.

If the claim is for multiple items then please provide good quality photographs evidencing damage to the goods being claimed.
